PRESS RELEASE

Heidelberg Pharma to Participate and Present at Upcoming Leading Scientific Conferences in May and June 2024

Ladenburg, Germany, 23 May 2024 – Heidelberg Pharma AG (FSE: HPHA), a clinical stage biotech company developing innovative Antibody Drug Conjugates (ADCs), is pleased to announce that its management team will be participating and presenting on its proprietary ADC technology platforms at the following scientific conferences in May and June in 2024.

Heidelberg Pharma is an ADC specialist, developing innovative drugs based on its proprietary ADC toolbox for the targeted and highly effective treatment of cancer. Its lead Amanitin-based ADC product candidate, HDP-101, targeting relapsed or refractory multiple myeloma has recently received Orphan Drug Designation (ODD) and is currently advancing in a Phase I/IIa clinical trial, demonstrating first signs of clinical efficacy. The Company is also rapidly expanding its therapeutic product pipeline with a further four programs across a variety of malignant hematologic and solid tumors.

10th Annual Oncology Innovation Forum

Date & location: 31 May 2024, Chicago, Illinois, USA
Panel: Investing in NextGen ADCs
Date: 31 May, 10:45 am CDT
Panellist: Professor Andreas Pahl, Chief Executive Officer

Presentation title: Company presentation
Date: 31 May, 02:00 pm CDT
Presenter: Professor Andreas Pahl, Chief Executive Officer

Professor Pahl will be available for one-on-one meetings, which can be arranged via the online conference system.

ASCO Annual Meeting

Date & location: 31 May–4 June 2024, Chicago, Illinois, USA
Attending: Professor Andreas Pahl, Chief Executive Officer & Dr. András Strassz, Chief Medical Officer

Professor Pahl and Dr. Strassz will be available for meetings.

BIO International Convention

Date & location: 3–6 June 2024, San Diego, California, USA
Attending: Dr. George Badescu, Chief Business Officer & Dr. Artjom Wischnjow, Associate Director Business Development

Dr. Badescu and Dr. Wischnjow will be available for one-on-one meetings, which can be arranged via the online conference system.

Jefferies Global Healthcare Conference
Date & location: 4–6 June 2024, New York, USA
Attending: Professor Andreas Pahl, Chief Executive Officer & Dr. George Badescu, Chief Business Officer

Professor Pahl and Dr. Badescu will be available for one-on-one meetings, which can be arranged via the online conference system.

About Heidelberg Pharma

Heidelberg Pharma develops novel drugs based on its ADC technologies for the targeted and highly effective treatment of cancer. ADCs are antibody-drug conjugates that combine the specificity of antibodies with the efficacy of toxins to fight cancer. Selected antibodies are loaded with cytotoxic compounds, the so-called payloads, that are transported into diseased cells. Inside the cells, the toxins then unleash their effect and kill the diseased cells.

Heidelberg Pharma is the first company to use the mushroom toxin Amanitin in cancer therapy by exploiting the toxin's biological mechanism of action with its innovative ATAC technology as a new therapeutic modality. It offers the opportunity to overcome resistance of cancer cells against therapeutic agents currently used and to eliminate dormant tumor cells, which typically survive current therapies and are responsible for tumor relapse and metastasis. This could lead to significant advances in cancer therapy - even for patients who no longer respond to any other treatment. The most advanced product candidate HDP-101 is a BCMA-ATAC for the indication multiple myeloma, which is currently in clinical development.

In addition to Amanitin, alternative payloads also expand the ADC platform technologies of Heidelberg Pharma to develop targeted and highly effective ADCs for the treatment of a variety of malignant hematologic and solid tumors.

Heidelberg Pharma AG is a biopharmaceutical company based in Ladenburg, Germany, and is listed on the Frankfurt Stock Exchange: ISIN DE000A11QVV0 / WKN A11QVV / Symbol HPHA. More information is available at www.heidelberg-pharma.com.

ATAC® is a registered trademark of Heidelberg Pharma Research GmbH.
