

## **AC Immune to Present at the AD/PD™ 2022 New Clinical and Preclinical Data for Alpha-Synuclein, Abeta and TDP-43 Programs**

*Five presentations at the International Conference on Alzheimer's & Parkinson's Diseases (AD/PD™)*

*AC Immune's Chief Medical Officer to participate in expert forum on translational drug discovery for a-synucleinopathies*

**Lausanne, Switzerland, February 28, 2022** – AC Immune SA (NASDAQ: ACIU), a Swiss-based, clinical-stage biopharmaceutical company with a broad pipeline focused on neurodegenerative diseases, today announced that five new data presentations will be delivered at the International Conference on Alzheimer's & Parkinson's Diseases (AD/PD™), taking place in Barcelona, Spain, and virtually on March 15–20, 2022. In addition, Prof. Johannes Streffer, Chief Medical Officer of AC Immune SA, will join an expert panel to discuss novel insights, challenges and solutions for innovative approaches in AD and PD therapeutics.

**Prof. Andrea Pfeifer, CEO of AC Immune SA, commented:** “AC Immune will present new data supporting its precision medicine approach in neurodegenerative diseases (NDD), notably the very first ever in-human study for an a-syn PET Tracer, with our first-in-class ACI-12589. By pairing our diagnostics with therapeutics targeting proteinopathies, we aim to shift the treatment paradigm towards better disease detection and prevention in the NDD patient population.”

### **AC Immune presentations at AD/PD™ 2022**

*Translational drug discovery in PD/LBD Phase I-III – Recent updates*

Date: Thu, 17.03.2022 | 03:50 PM - 04:50 PM | Onsite Plenary: 115-117  
Panelist: Forum discussion with Prof. Johannes Streffer (AC Immune)

### **ACI-12589 alpha-synuclein imaging agent**

*Discovery of [18F] ACI-12589, a novel and promising PET-tracer for alpha-synuclein*

Date: Fri, 18.03.2022 | 10:25 AM - 10:40 AM | Room Onsite: 114  
Presenter: Oral presentation by Francesca Capotosti, Ph.D. (AC Immune)

*Initial scans using [18F] ACI-12589, a novel PET-tracer for alpha-synuclein*

Date: Fri, 18.03.2022 | 06:45 PM - 07:00 PM | Room Onsite: 114  
Presenter: Oral presentation by Prof. Ruben Smith (Skåne University Hospital, Lund, Sweden)

## **ACI-24 anti-Abeta vaccine**

*An optimized amyloid beta (abeta) vaccine that safely drives immunity to the key pathological species of Alzheimer's disease (AD)*

Date: Fri, 18.03.2022 | 04:15 PM - 04:30 PM | Room Onsite: 112

Presenter: Oral presentation by Marija Vukicevic, Ph.D. (AC Immune)

## **TDP-43 therapeutics & diagnostics**

*TDP-43 immunotherapy decreases neuropathology and confers neuroprotection through microglial engagement in mouse models of ALS/FTD*

Date: Fri, 18.03.2022 | 10:25 AM - 10:40 AM | Room Onsite: 113

Presenter: Oral presentation by Tariq Afroz, Ph.D. (AC Immune)

*TDP-43 and C9ORF72-related diseases 2: optimization of PET Tracers for TDP-43 proteinopathies*

Date: Available online from 15.03.2022

Presenter: On demand presentation by Tamara Seredenina, Ph.D. (AC Immune)

## **About AC Immune SA**

AC Immune SA is clinical-stage biopharmaceutical company that aims to become a global leader in precision medicine for neurodegenerative diseases, including Alzheimer's disease, Parkinson's disease, and NeuroOrphan indications driven by misfolded proteins. The Company's two clinically validated technology platforms, SupraAntigen<sup>®</sup> and Morphomer<sup>®</sup>, fuel its broad and diversified pipeline of first- and best-in-class assets, which currently features ten therapeutic and three diagnostic candidates, six of which are currently in clinical trials. AC Immune has a strong track record of securing strategic partnerships with leading global pharmaceutical companies including Genentech, a member of the Roche Group, Eli Lilly and Company, and Janssen Pharmaceuticals, Inc., resulting in substantial non-dilutive funding to advance its proprietary programs and >\$3 billion in potential milestone payments.

SupraAntigen<sup>®</sup> is a registered trademark of AC Immune SA in the following territories: AU, EU, CH, GB, JP and RU. Morphomer<sup>®</sup> is a registered trademark of AC Immune SA in CN, CH, GB, JP, and NO.

**Forward looking statements**

This press release contains statements that constitute “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Forward-looking statements are statements other than historical fact and may include statements that address future operating, financial or business performance or AC Immune’s strategies or expectations. In some cases, you can identify these statements by forward-looking words such as “may,” “might,” “will,” “should,” “expects,” “plans,” “anticipates,” “believes,” “estimates,” “predicts,” “projects,” “potential,” “outlook” or “continue,” and other comparable terminology. Forward-looking statements are based on management’s current expectations and beliefs and involve significant risks and uncertainties that could cause actual results, developments and business decisions to differ materially from those contemplated by these statements. These risks and uncertainties include those described under the captions “Item 3. Key Information – Risk Factors” and “Item 5. Operating and Financial Review and Prospects” in AC Immune’s Annual Report on Form 20-F and other filings with the Securities and Exchange Commission. These include: the impact of Covid-19 on our business, suppliers, patients and employees and any other impact of Covid-19. Forward-looking statements speak only as of the date they are made, and AC Immune does not undertake any obligation to update them in light of new information, future developments or otherwise, except as may be required under applicable law. All forward-looking statements are qualified in their entirety by this cautionary statement.
